Shenendehowa's Robotics Team 20 is a founding team of the FIRST Robotics program. Team 20 has continued to educate and inspire students in engineering and the sciences for over 22 years by connecting them to local mentors and providing hands-on experience with large-scale projects like FIRST Robotics Challenges. Students learn valuable skills in a productive environment and practice gracious professionalism to become the next generation of scientists and engineers.

You must present the event "tickets" in order for us to get credit, so please cut them out and bring them with you.

If you cannot make it on Wed, August 28th, our fundraiser will continue at Buffalo Wild Wings through Sunday, September 1st. Just bring the flyer with you and tell them that you want to support Shenendehowa's Robotics Team.

THANK YOU to **Buffalo Wild Wings** and **Menchie's** for allowing us this opportunity.

THANK YOU to our friends, family, and community for the continued support!
